

BHMSD Families and Bluffton Community taking part in our Free Meals

BHMSD is providing meals that are fully cooked and safe to eat cold. You can choose to heat them in the microwave, but **you will need to use a microwave safe container. The plastic bags/packaging that food is provided in is not a microwave safe package. For your convenience, we have provided microwave safe Paper Boats.**

Cold food should be kept cold, 41 degrees or below. **Eat immediately or refrigerate cold foods ASAP (at least within 2 hours of pick-up).**

Please discard any leftovers within **3 days of pick-up.**

If your child has a Physician Verified Allergy, please reach out to jborrow@bhmsd.org to request an allergy safe meal at least 1 day in advance.

Follow us on Facebook (BHES Tiger Cafe and/or BHMSD Food Service), Instagram (BHMSD Food Service) or Twitter (BHMSD Food Service) for the most up- to-date information on meal services during our school closure.

For ongoing School related COVID-19 updates, please refer to BHMSD.org for the latest updates.
